Donald and Kathryn Gottula started Gottula Propane in June of 1970, in Elk Creek, Nebraska. Gottula Propane offers an HVAC tech, and installs Goodman furnaces, air conditioners, heating stoves, hot water heaters and provides route propane delivery. In 1985, G&G Oil, Inc was purchased with their partners, Dennis and Barbara Gottula. G&G Oil provides gas and diesel fuel products, with a pass code for easy access to our customers to use. In 1989, we purchased our propane business in Summerfield, KS. We are the only business that sells gas and diesel fuel at a pump in Summerfield with the easy access passcode. We shifted our gears into the trucking side of our businesses in 1992, when we started Petro Carrier's Inc, which hauls fuel to the terminals. We feel lucky to have such wonderful customers in two states and couldn't do everything without our great employees.

Quarterly Safety Tips

Protect yourself against Scams:

In most all scam situations a scammer may contact potential victims through email, telephone, websites, pop-up ads, or social media sites. Though scams differ, they all have the same objective: to convince victims to send money or allow access to their financial accounts.

There are many ways scammers try to steal funds, the most common methods are below;

Wire transfer – A wire transfer is an immediate form of payment. Once the scammer has obtained the funds you wired in exchange for a check, the wire cannot be reversed, even if the check is fraudulent.

Money transfer – Scammers convince you to send the funds through online banking or other money transfer services. Scammers may also try to obtain your online credentials and move the money themselves.

Check – Scammers may ask you to cash or deposit a bad check on their behalf and transfer the funds before the check has cleared.

Note: you are responsible for the full amount of the check you deposited and fees if it bounces.

What you can do to protect yourself:

Be wary of get rich quick schemes. If an offer seems too good to be true, it probably is. Be suspicious if someone requests your account information or assistance with a financial transaction, such as cashing a check or transferring money for them.

***** NEW SCAM ALERT*****

Someone impersonating Microsoft has been calling and saying that your computer was hacked. Once they have access they can scam you out of hundreds of dollars. Be careful with anyone calling from "Microsoft" as they would not know that your computer has a virus or been hacked.

Business Spotlight: Furnished By Frassati Table Rock, NE

Joey Tyler and his wife, KyLynn (Tomek), and their three young daughters moved to Table Rock from Lincoln last spring. After their oldest daughter was born in 2014, Joey began his career as a stay-at-home-father, and soon afterwards began woodworking as a way to help support his family. In January 2016, he opened a shop in the online marketplace Etsy.com, which has enabled him to sell his work all over the country, as well as other parts of the world.

After moving to Table Rock, he relocated his wood shop to a building on the west side of the town square, just north of the coffee shop. After renovations were made, he was able to move in and begin working there in February of this year.

Joey sells mostly wood framed chalkboards, crosses and crucifixes, and some other custom work that he is approached for. However, now that his workspace is much larger, he'd like to begin building furniture as well, specifically in the farmhouse style using traditional joinery techniques.
