The State Bank of
TABLE ROCK
MOVING FORWARD WITH THE TIMES
SINCE 1885

Happy New Year! We all hope you enjoyed the holiday season. As we start another new year, the State Bank of Table Rock wants to thank you for your continued support. We look forward to serving you in 2013!

In the Spotlight...

Randy Miller and Graham Droge

Pawnee City/Tecumseh: Randy Miller

Randy has been an agent for Community Insurance Group since December 2004. Before he was an insurance agent, Randy was the property casualty adjuster for German Mutual Insurance of Auburn, NE. He writes all types of insurance: multiple peril crop, crop hail, farm, home, auto and commercial.

Randy graduated from the University of Nebraska with an agriculture degree and has been involved with the family farm since 1982, located at Tecumseh.

His son, Justin, is active as well in the family farm. Daughter, Carrie, is the Spanish teacher at Johnson County Central and coaches softball and girls basketball. Step-daughter, Keshia Beethe, is a senior at Peru State college and will graduate in December. Step-son, Dustin Beethe, is a freshmen at Wayne State College. Wife, Kerri, is the high school secretary at Johnson County Central in Tecumseh.

In his spare time, Randy enjoys all sports and raising/feeding cattle.

BETTER LIFE
CHIROPRACTIC & WELLNESS, LLC

Better Life Chiropractic & Wellness, LLC is a full-service chiropractic office that was opened in 2009 by Jeffrey L. Cumro, DC. With locations in Omaha, Lincoln and Pawnee City, Nebraska, Better Life has aimed to improve the overall health of the residents of Southeast Nebraska.

Better Life has taken a different approach to healthcare than most traditional chiropractors. By focusing on the muscles that are associated with the ailing body parts (through different massage techniques) as well as the associated joints (with traditional chiropractic care), they aim to get people healthier faster and keep them healthy longer.

To supplement the health of their patients, Better Life also offers a variety of wellness products. Personal training, nutritional counseling, and yoga are a few of their most popular offerings, all of which are incorporated to help the patient live a more well-rounded, healthy lifestyle.

PAWNEE CITY: GRAHAM DROGE

My name is Graham Droge. I am the son of Ron and Julie Droge, and we live in DuBois. I have one sister, Schuyler, and she is going to college at the University of Nebraska, at Lincoln. I transferred to Pawnee City High School this year after my previous school, Bern High, closed.

I am a senior and am involved in the National Honor Society, basketball, and baseball. In my free time I enjoy playing video games, fishing, and spending time with family and friends. My future plans include a career in the medical field and playing basketball. I began working at the State Bank of Table Rock in late September and am learning a lot from all the helpful and patient staff. Thanks for the experience.

What's your number?

Hi there! I know you... do you know me?

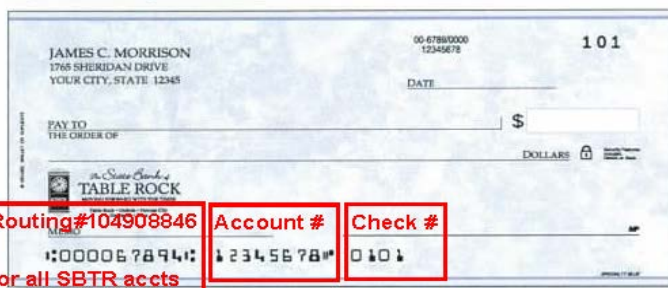

I'm your very own, personal checking account number—and, really, I'm terribly important!

On your personal check, I'm the middle set of numbers on the bottom of each check. The first set of 9 digits is the State Bank of Table Rock's routing number—104908846—and identifies us as your bank. The last set is the check number. You'll note that this should match the numbers on the upper right corner of the check. Just look for the numbers that are listed between the above routing number and the check number, and you will have your account number.

On a business size check, the larger checks, your check number may be listed first, followed by the State Bank of Table Rock's routing number, and then I come last. In any case, when you bank with us I will always have at least 5 digits, and maybe as many as 7. If you give me to someone, either over the phone or on the internet, they will have all the information they need to start pulling \$\$ out of your checking account. That may be OK if you trust the person on the other end... but many times a stranger will be "phishing," just looking for a way to steal your \$\$.

If you have \$\$ coming in for deposit (like an IRS refund) or are trying to pay a bill by phone or internet, and you quote me incorrectly, we might have to return your transaction as not identifiable. Often these automatic transactions arrive at the bank without any customer name listed, so we have no idea who the transaction belongs to. That could cause a lot of work for you to untangle and locate your funds.

Getting me right really IS important. Don't you think it's time we got acquainted??
