

# The Rock Review

Volume 6, Issue 3  
July 2014

Summer has arrived! Take time to enjoy your family, relax and be safe!  
Remember, the tans will fade but the memories will last forever.

## In the Spotlight...

MARSHA WILHELM & CAROLYN BLECHA

### HUMBOLDT: MARSHA WILHELM

Marsha Wilhelm grew up south of Humboldt with her parents and a younger brother, Jim. She attended Rosedale Country School for six years and graduated from Humboldt High School in 1969.

Marsha began working with the State Bank of Table Rock in 2012, but actually began her banking career in 1971, with the exception of a nine year stint in Colorado where she was Executive Secretary at Weld County Re-3(J) School District.

Marsha and her husband, Gene, live on their farm west of Dawson. They have one grown daughter, Gina, an assistant professor at Peru State College; a son-in-law, Jeremy, a financial advisor for New York Life; a grandson, Isaac, a fifth grader at HTRS; and Addison, a kindergartner.

## Window Option SPECIALISTS

Window Option Specialist was formed in 1996 with just two employees that did everything. Since that time we've been fortunate enough to expand to eight employees to go along with the largest window showroom in Lincoln and a separate warehouse. We understand that we would not be here if not for our customers and we are continually grateful for their support and for allowing us to earn their business when they have so many options.

Window Option Specialist is the exclusive dealer for Marvin and Marvin Integrity products in Lincoln and also sells Gerkin and Andersen E-Series (formerly Eagle Windows) products. Our salespeople know that everyone's wants and needs are different. Because of that we want to have a window or a door for every decision. You come in, tell us what you are looking for and we'll show you how many options you have. We pride ourselves in offering in-depth information on features, performance and serviceability. We try our best to make your window/door purchase simple through low pressure, high integrity and friendly service.

## Planning a Fundraiser?

Contact us to discuss how contributor checks should be made payable.

## HUMBOLDT: CAROLYN BLECHA

My name is Carolyn Blecha. I am the daughter of Richard A. and Mary Ann Blecha. I was born and raised in Humboldt. After graduating from Humboldt Public High School, I went on to Lincoln School of Commerce. After graduating, I came back to Humboldt and worked for the O. A. Cooper Company in the Print Shop until it was sold to Master Mix Feeds.

I started my banking career 32 years ago with First Federal Savings and Loan Association of Lincoln in the Humboldt Branch, August of 1982. They had two name changes: First Federal Lincoln Bank and Tier One Bank. Four years ago they were sold to Great Western Bank. I have been with the State Bank of Table Rock since June 2013.

I am a member of the Humboldt Chamber of Commerce, City Planning Board, and Friends of the Library. I am also a member of Saint Anthony's Catholic Church and Saint Ann's Altar Society, Steinauer. I love spending time with my family and friends and of course my dog Cassie.

### Vacation time means fun— and potential fraud!

#### *Here are 5 simple ways to lower risk*

The summer travel season is here, and thieves are just as ready as you are! Please be proactive in protecting yourself before you depart on vacation.

#### 1. Contact your financial institution

This is as much for cardholder convenience as safety. If your institution is unaware you're traveling to Rome or even within the United States, for example, they may freeze your account when a purchase is made. Share as much detail as possible with your bank - dates, cities, how much you might spend, and how you can be reached.

#### 2. Clean out your wallet

Carrying a lot of credit and debit cards on vacation only increases the likelihood that one of them will become lost or stolen. Take only what you need, and make sure your limits are high enough to cover all expenses.

#### 3. Make a stop at the copy machine

Copy or scan the front and back of each card you plan to take. Be sure your account number and toll-free customer service number is legible (if you're traveling internationally, make sure you have appropriate phone numbers). Store the information somewhere other than where your card is, such as a hotel safe.

#### 4. Keep an eye on your cards

Food servers and store clerks can steal card information easily with a skimming device, so don't let your cards out of sight. If that's not possible, consider paying with cash. And remember, it's perfectly OK to let your instincts guide you. If something seems fishy, go somewhere else.

#### 5. Monitor your account frequently

Checking your account balance is a great way to combat fraud. With the new SHAZAM BOLTS\$ mobile app, you can receive alerts to potential fraud on your smartphone or tablet and check your debit account balances as often as you'd like.

**For more info on Shazam Bolt\$ and how to sign up, visit our website: [www.tablerockbank.com](http://www.tablerockbank.com) or talk to an employee today.**

## Congratulations
