Volume 3, Issue 3

June 2011

Summer has arrived! Take time to enjoy your family, relax and be safe!
Remember, the tans will fade but the memories will last forever.

In the Spotlight

Our "spotlight" employees this month are
Bonnie Kanel & Allison Ramer

Humboldt: Bonnie Kanel

Bonnie Kanel grew up on a ranch in the Sand hills with her parents, an older sister and brother. She graduated from Mullen High School and later received her Bachelors degree at the University of Nebraska—Kearney.

Bonnie began her employment with the State Bank of Table Rock in August of 1995. When the Humboldt Branch opened in September of 1996 she became branch manager there. She now works in the Humboldt and the DuBois locations.

Bonnie and her husband, Neal, live on a farm south of Dawson. They have two children, John, 12, a 7th grader at HTRS and Grace, 10, a 5th grader at HTRS. In her spare time, she enjoys being with family and friends and working in her yard.

Donation

Savannah Wubbels (3 years) has been suffering from several strokes in her brain. In March of this year, Savannah suffered from her first stroke which affected her right side after which she spent a week at the Children's Hospital in Omaha and 2 1/2 weeks at the Madonna Pediatric Rehab Hospital. After finishing her 4th week of out-patient rehab, she suffered more strokes on Mother's Day. Savannah was taken to the Children's Hospital in Omaha again for a week and a half, several days of which were spent in the ICU. She was then transferred to Madonna and still has 4-6 weeks of inpatient therapy to try to regain use of her left side. The doctors are unsure about what is causing the strokes and Savannah is currently on an injectable blood thinner. We are asking the community to join us in supporting the Wubbels Family both prayerfully and financially. Their medical bills are mounting and insurance is not helping as expected with Savannah's rehab coverage. If you would like to donate to the Wubbels Family, please contact the Roca Branch at 402-484-5444. Thanks for your help!

Beware of Scams

Summer is here and so are the scammers! While scammers are busy all year long, they seem to become more active in the summer time.

Many of us live in quiet country communities, but that doesn't mean we are exempt from being scammed. The best protection is knowledge and diligence.

Remember-IF IN DOUBT, DON'T! NEVER BE AFRAID TO ASK QUESTIONS-DON'T BE INTIMIDATED. People with your best interest in mind should NOT intimidate you. IF IT SOUNDS TOO GOOD TO BE TRUE IT PROBABLY IS!

Below are some common ways that people get scammed:

- ◇ Notice you won a lottery.
 - ◇ Did you enter a lottery? If you didn't you can't win!! Most, if not all, foreign lotteries are illegal in the US. Don't use your hard earned money to "claim" a prize you never entered to win.
- ◇ If you receive a request to wire out money to get money in return or to help someone that you don't know.
 - ◇ NEVER believe these requests. NEVER wire money to someone you don't know. A local business gets requests of this nature about once a week. Yes, it's in our backyard.
- ◇ Skimming at the gas pump.
 - ◇ This one is more popular in the summer as more people travel. It's always best to use a credit card at the gas pump. If you must use a debit card, do not put in your PIN. Run your card as a credit.
- ◇ Allowing people from out of the area to perform work for you.
 - ◇ If someone approaches you to do work such as driveways, roof repairs, painting, etc., please be sure you know or can find out who they are, and that you have a price BEFORE the work is started.
- ◇ Face book
 - ◇ Yes, you can be scammed on that wonderful social media network that so many of us enjoy. If you get a message from someone that just doesn't seem right-maybe it's not. If they are "somewhere" needing "help", a quick call to your actual friend will probably confirm that they are safe at home and the "friend" contacting you on face book is not a friend at all. On another note, be VERY cautious what personal information you put on face book. Putting "it all out there" gives identity thieves a perfect tool.

Humboldt: Allison Ramer

My name is Allison Ramer. I am the daughter of Ron Ramer and Carla Shafer. I have one sister named Amber. I just graduated from HTRS in May. I live in Shubert, and have gone to HTRS for the past two years. I was involved in many activities at school, such as leadership, mentoring, student council, one-act, and also National Honor Society. In my free time, I like riding horses, reading, playing softball, and also spending time with friends. I have been working at The State Bank of Table Rock since the beginning of February, and I really enjoy it! In the fall, I plan on attending Southeast Community College, majoring in Business Administration.

Kirkman's Lakeview Golf Course

If you enjoy the outdoors and golfing, Kirkman's Lakeview Golf Course is Southeast Nebraska's hidden gem. It is located Northwest of Humboldt, Nebraska, and can be accessed off of Highway 4 or Highway 105.

It is a 9 hole, par 36, 3270 yard course wrapped around Kirkman's Cove Lake. It features large challenging greens, fairway moguls, and a unique bridge over Kirkman's Creek. The course was built by volunteers in the mid 90's; designed by golf architect, Marty Johnson, and opened for business in 1998.

The Clubhouse is a renovated country school house. There is a putting green, driving range, and range balls ready to help you work on your game before and after your round.

The Board of Directors for the course are Don Barnett, Randy Burgett, Charlie Thames, Marty Lewis, Terry Vice and Chuck Bennett. They welcome you to give the course a try. Greens Keeper, Leroy Barnes, keeps the irrigated course in tip top shape and challenges you with his pin placements.

Clubhouse Manager, Robbie Shields, encourages you to consider having customer appreciation events to entertain your clients. Small groups can call to schedule a Tee time. Robbie can be reached daily at the course by calling (402) 862-2828, or if you'd like to visit the website, go to www.klkgolf.com
