The State Bank of
TABLE ROCK

MOVING FORWARD WITH THE TIMES
SINCE 1885

Good seasons start with good beginnings.
Wishing you good beginnings this holiday season!

In the Spotlight...

LINDSAY HARLOW & KRISTEN BLOSS

HUMBOLDT: LINDSAY HARLOW

My name is Lindsay Harlow. I am the daughter of Dave and Kathy Harlow of rural Dawson and I have one brother, Adam. I am a senior at HTRS this year. Throughout high school I have participated in many activities including: golf, basketball, leadership, mentoring, National Honor Society, math and business contests, choir, band, jazz band, and much more. Outside of school I am involved in 4-H and the American Legion Junior Auxiliary. After graduating from high school, I plan to attend Peru State College or the University of Nebraska-Lincoln majoring in Accounting and Banking/Finance. I have been with the State Bank of Table Rock, Humboldt branch since May of 2014. My experience here has been wonderful and I have learned a lot!

DEBIT CARD GUIDE

SAFETY FIRST—Here are some smart ways to protect yourself from people who want to steal your debit card information.

Rule #1: Never, ever share your PIN. Your PIN is a secret. Memorize it. Don't share it with anyone – not over the phone, not even with family – and don't let anyone enter your PIN for you. Never write your PIN on your card or store it with your card. Most importantly, nobody should ever ask for your PIN for any reason. Not even your bank.

watch your email: Never provide your debit card information or other personal information in response to an unsolicited email. And remember – always follow Rule #1!

Be careful shopping online—Look for secure transaction symbols and Web addresses that start with “https.” Log off from a site after you complete a purchase—if you can't log off, close your browser to protect your personal information.

Don't wait—If your card is lost or stolen, report it to us right away! This reduces the chance that your card will be used improperly, and it can limit the money you actually lose for unauthorized transactions by scammers or hackers.

Tell us when you travel—If you're headed out of town, give us a quick call to let us know. One of the ways we protect you is to block suspicious transactions, including unexpected out-of-town purchases. Your call will save you the trouble of having your card declined.

If it doesn't look right, don't swipe—Never insert your card or enter your PIN into any ATM or purchase terminal that looks less than genuine, feels loose to the touch, or has a suspicious device attached.

Santa & His Reindeer

Saturday, December 6th at the Roca Branch (9-11AM)

Saturday, December 13th in Table Rock (1-3PM)

*More information will be available at the branches in November.

PAWNEE CITY: KRISTEN BLOSS

Kristen Bloss is a graduate of Pawnee City Public Schools. She was previously employed by the State Bank of Table Rock from 2005 to 2010 while in high school and college. Kristen graduated from the University of Nebraska-Lincoln with her Bachelor of Science in Agribusiness in December 2010. Upon college graduation, she moved back to Pawnee City and began working for Community National Bank – Retirement Plans Division in Seneca, Kansas.

In June 2013, Kristen returned to working for the State Bank of Table Rock. Kristen will graduate with her Master of Science degree in December 2014. She is the daughter of Don and Lisa Bloss of Pawnee City, and her siblings have all returned to the community as well. She enjoys spending her free time with her family and friends.

Mezger Construction Inc.

Mezger Construction grew out of a love of doing fine carpentry work for the past 38 years! Richard Mezger started the business operating from Table Rock, NE building the house just west of the Table Rock Schools and then his own home. Then in 1978 he was employed as a full time teacher at Falls City Public Schools, in which Mezger Construction Supplemented the family income working nights and weekends doing remodeling, siding, and roofing as Karen, mom. Rich often times employed young high school students as well as his own sons during summer vacations and school breaks, which was a win-win for him and the skills that he taught his sons as well as his students. In 2001, Rich's son, Dave, joined Mezger Construction and in 2004 the business was incorporated. Before this time, the focus was mainly on carpentry but soon grew into all areas of construction such as new construction, remodeling, and concrete. The business soon changed from being operated by two people into ten people by adding a full time concrete crew.

After that the concrete crew turned into two crews, and the carpentry crew continued to be busy with all types of construction jobs. Today, Mezger Construction Inc. remains active in concrete construction with three crews, the sale and erection of steel framed Ag buildings, as well as remodeling with one carpentry crew.

Richard and Dave continue to see growth in all areas of construction and welcome your continued support and business.

Congratulations

to
Mike and Amy Hunzeker,
and son, **Cole (age 5),** on
the birth of
Cooper Matthew
born July 4, 2014.
