### Table Rock: Amy Hunzeker

I am the daughter of Rick and Bobbie Kunze and Rob and Swan Kostecka. I graduated from Table Rock-Steinauer High School in 1998, and received my Associates Degree from SCC-Beatrice in 2000. I then began working full-time at the Table Rock branch, and also took over the Village Clerk position (which I have just recently given up due to other obligations!!)

In October 2009, we were blessed with our son, Cole, who has been such a joy and already has green tractors in his blood! He is well-known around Pawnee City and Table Rock, and we are so lucky that we have so many friends and family that get to spend time with him and spoil him!

I love living in our quiet town of Table Rock and working at our family owned business!

## USING A DEBIT CARD ONLINE

Most banks issue debit cards to their checking account holders. These cards are convenient because you can use them as you would a credit card without ever having to pay interest on purchases. When you use a debit card online your checking account is debited fairly quickly after you make the purchase. Even though this method is convenient, you should take steps to protect yourself when using your debit card for online purchases.

- ◆ Purchase goods only through reputable, secure websites. One way to tell if the website is secure is if the URL has "https://" rather than "http://."
- ◆ Use your debit card only on a secure network. If you are on a shared network (like at a hotel or internet café) or using a laptop to access wireless internet, you should NOT use your debit card.
- ◆ **Credit cards** offer buyer protections that are unavailable to debit card users
- ◆ Online shopping has indeed come quite far in the past few years, but there are still fraudulent vendors, sites get hacked and numbers get stolen. If your **credit card** number gets stolen and used, you are only liable for \$50 of what was charged
- ◆ When you use your debit card online, people have the ability to make a fake card, and merchants won't always stand good for the refund if a person has stood in front of them with a card

# In the Spotlight... HUMBOLDT: TANA BROWN

Tana Brown, daughter of Glen and Maurine Vice, grew up east of Shubert. She moved to Pennsylvania soon after getting married. Her 3 sons were born and raised there. Robert, his wife Danielle and grandson Caleb, as well as Dave and his wife Tabatha live in Salem, Ohio. Ronnie and his wife Lizzie live in Newark, Delaware.

After being a homemaker and homeschool mother, Tana began her banking Career in 1998 with Corestates. They merged to First Union and then Wachovia. Tana also worked for a small town bank, Gratz National Bank, before moving back to Nebraska with her husband, David, in 2007. She began employment with the State Bank of Table Rock in the Table Rock office in December of 2007. She transferred to the Humboldt location in September of 2008.

In her spare time Tana enjoys working in her yard, crocheting afghans for her grandchildren—two more are on the way, helping with the Shubert ALA Unit, and helping in the ladies and music ministries of her church.

## TABLE ROCK LIBRARY

When the Library received a generous memorial from the Estate of Lyle & Mary Sturgeon, the board got estimates and in October 2004 started on some much needed improvements. The lighting, heating, and overall appearance were the main goals. With the help of 108 middle school students, everything was loaded onto a semi for storage until the project was complete.

In January 2005, the Library reopened with lowered ceilings, central heat and air, new lights, windows, doors, floor coverings, walls, siding, and large bold letters on the outside so the Library was easily identified. At this time a pre-school was added, with Ardyce Freeman as the teacher. Unlike story hour, it has to meet state requirements every year and be licensed. In years past we have had anywhere from 3 to 10 children enrolled. Today with volunteer help from Frances Workman, Librarian, and Elma Lee Buchholz, Board President, our preschool is still in operation.

Recently with volunteer help from Chuck Davis, the Library has added a second computer with a huge screen for the patrons to look up articles from the Table Rock Argus and print them out for personal use. A portion of the cost was paid for by memorials given from Martha Senft Estate and Beth Binder Estate. Also a magnifying reader was donated by the Dorothy Mertes family to be used for anyone who has trouble with eyesight and reading.

The Table Rock Library is open on Tuesday and Thursday from 1 to 5 p.m. and Saturday from 9 a.m. to noon. We encourage you to come in and check out the new technology, books, videos, and DVDs. **FREE OF CHARGE!!**
